

Nature-Based Solutions for Urban Areas

NATURE-BASED SOLUTIONS

Abstract

The project group Nature-Based Solutions for Urban Areas specifically addresses the topic of Nature-Based Solutions (NBS) and how they can contribute to the fragmented management governance landscape. Their outputs are relevant for policy actors at various levels as well as for NGOs and society at large.

Challenges

- ◆ Climate Change
- ◆ Land Use & Biodiversity
- ◆ Ecological Footprint of Cities
- ◆ Food Security

Results

- ◆ Nature-based Solutions Tools
- ◆ Methodologies & Models
- ◆ Demonstrators
- ◆ Workshops

Projects

SATURN - Reintegrating natural assets within city climate change impact strategy and expanding and feeding this model by creating a wider initiative in relationship with rural territories and agro-food value chain. eventi.fmach.it/saturn

Landscape Metropolis - The Landscape Metropolis strategy aims to enhance the landscape, which is seen as an infrastructure, fostering the regeneration of depopulated areas and the connection between the city of Ferrara and its suburban areas through an intermodal-sustainable mobility network (existing and renovated waterways, cycle lanes, railway lanes, bus lanes and walking paths for the daily mobility), thus increasing the quality of citizens' lives. metropolidipaesaggio.it

URBAN INNOVATIVE ACTIONS - Providing urban areas throughout Europe with resources to test new and unproven solutions to address urban challenges. uia-initiative.eu/en

URBAN GreenUP - Driving the development, application and replication of Renaturing Urban Plans in a number of European and non-European partner cities with the aim to mitigate the effects of climate change, improve air quality and water management, as well as to increase the sustainability of our cities through innovative nature-based solutions. urbangreenup.eu

Grant Agreement No. 730426

The **HRB - Horizon Result Booster** is an initiative funded European Commission, Directorate General for Research and Innovation, Unit J5, Common Service for Horizon 2020 Information and Data.
